From November 1 to December 15, 2025, the international contemporary art exhibition Arte Laguna Prize - Shanghai Edition 2025 was held in Shanghai, People's Republic of China, organized by the MoCA Association of Contemporary Art.

The Russian Federation was represented at the exhibition by artist Alexandra Mamedova, who presented her work "SumoBaby," which undoubtedly marked an important step in strengthening the country's image abroad.

"For me, this exhibition is more than an event. It's a chance to show that even one voice can speak for an entire country. And yes, when I was creating this work, I never imagined it would be discussed by critics, curators, and world-class professionals. And now they are. This is Sumo Baby. And he will yet walk the tatami of the future," Mamedova said.

The Russian Museum's exhibition at VDNKh offers visitors a glimpse into the "living history" of Moscow. This exhibition, which includes 115 works of art, is intended, among other things, to help schoolchildren preparing for the Unified State Exam in history .
